Dear Sir,

I would like to thank you for the interest you have shown in redressing my complaint. I appreciate your quick response to my mail.

I am happy that people like Mr. Chavan, Sr. Manager, Mira-Bhayander are with Reliance Energy. I would specially like to appreciate his effort in this regards.

I would like to make a small request to you. Whenever the power goes and comes again, I would like to know whether there is some way to ensure that there is at list 3 min. time delay. This will ensure that the electronic gadgets are not damaged.

Once again thanking you for your timely action.

Regards

Yours truly,

Dhiren Thaker
