

Energy is life

**NOTICE TO PUBLIC ABOUT CHARGING
220kV DOUBLE CIRCUIT TRANSMISSION
LINE FROM MAFCO TO 220kV AAREY
RECEIVING STATION**

Notice is hereby given to all the people that M/s. REL Mumbai has constructed 220kV Double Circuit Transmission Line between MAFCO near Mahananda on the Western Express Highway to 220kV Aarey Receiving Station passing through Aarey Colony area. This line will be charged by 220kV any day on or after 15th August, 2005. All are hereby requested not to climb on these Transmission Towers or tie any cattle to the legs of the towers. Coming in close contact with the current carrying conductor on this transmission line may cause fatal accident and interruption to electric power supply of Mumbai.

All the people are hereby intimated that they should not indulge in above acts and also prevent others from carrying out such acts, in order to prevent any accidents and to maintain uninterrupted electric power supply of Mumbai. Kindly co-operate with the authorities.

Place: Mumbai
Date: 9th August, 2005
